PRESS RELEASE

Due to inclement weather, the water line repair on W. Pitt Street has been rescheduled for Friday, July 7, 2017.

Beginning at approximately 8:00 a.m. and continuing until late afternoon on Friday, July 7, 2017; water service on W. Pitt Street (from West Street to Chamberlain Street) will be temporarily discontinued to facilitate a water line repair.

Customers in the aforementioned areas are advised to disconnect the power from hot water heaters and may also wish to close the water line valves located near their water meters to lessen the chance of water being pulled from their houses. Customers in the affected area may experience periods of discolored water and air in their water lines once service is restored.

The County Communications Center will be notified when the work is completed.

Barbara E. Diehl
Borough Manager
