PRESS RELEASE

- Borough of Bedford property owners and/or tenants are requested to sweep this past winter's deposit of anti-skid stones from the sidewalks onto the edge of the streets for eventual removal by the Borough's street sweeper. Limbs, sticks, planting bed, garden, and yard waste should NOT be deposited onto or along the streets as these materials plug up the street sweeper's intake hose as well as the stormwater system's catchbasin grates.
- The Borough of Bedford is currently conducting daylight-hours street sweeping in areas located outside the Central Business District. Property owners are requested to periodically reposition vehicles that are being parked on the streets so that all areas can be swept.
- Weather permitting, beginning at 12:00 midnight, Thursday, April 13<sup>th</sup> and continuing through 8:00 a.m., Friday, April 14<sup>th</sup>, the Borough of Bedford will begin the weekly Thursday night – Friday morning sweeping schedule that will be maintained, weather permitting, throughout the summer.

Motorists are requested not to park vehicles on the streets between the aforementioned times. Work will begin in the center of town and progress outward into the residential areas.

Barbara E. Diehl  
Borough Manager
